COL. POTTER WILL RUN

The Councilman Announces He Will Try for Nomination.

The Others are Still Non-Committal—Councilman Hannon May Run.

THE LATEST MAYORALTY NEWS

Councilman Joe Potter authorized the announcement this morning that he will run for the Democratic nomination for mayor of Paducah. He has received two oaks through the papers, and while he will probably not formally accept for a day or two, he stated in a reporter today that he would run, and would run in the primary.

This will be no surprise to the councilman's friends, who know the pressure that has been brought to bear on him to make the race. A great many, however, seemed to hope that he would run independently of any party, as they believe that he would in that way poll a bigger vote.

Colonel Potter, in a conversation with a reporter, stated that if he is elected he will be mayor in every sense of the word. He said he would give his orders in such a way that they could not be misunderstood or ignored, and that he would have an opinion on every subject, and wouldn't hesitate to give it.

"I never was afraid to say what I think, or to do what I believed was right," Colonel Potter declared. "I always have an opinion one way or the other on pretty much everything that comes up, and if it is necessary or advisable, I always say what I think. I am not a man of policy so far as such things are concerned. I always do what I think ought to be done, regardless of policy. There are few things that come up that I haven't an opinion on, too, I want to tell you. If two dogs get to fighting, I may not have any opinion at the start, but I always have one before they get through."

It is not generally known the extent to which Colonel Potter carries out his theory of saying what one thinks. About three or four weeks ago he went to the Cumberland Presbyterian church, and Rev. J. C. Reid, the pastor, in his sermon took the police officers to task for not doing what he thought they ought to do.

Colonel Potter arose in his pew, held up his hand, and when the minister saw him and stopped, said: "Excuse me, brother Reid, for interrupting you a moment, and allow me to set you right. You are jumping on the wrong people. It is not the police who are to blame, but their superiors, the men who instruct or regulate them, and give them their jobs. These men are to blame, not the police."

The congregation was very much interested in the proceeding, and the minister thanked Colonel Potter for the explanation, and let up on the police. It was the first time most of the people in the congregation had ever heard a preacher yield the pulpit temporarily to one of his hearers.

"I'll tell you, though," explained Colonel Potter today in relating the episode, "I'm this way. I'll take up for any man, even my worst enemy, if I am proud when he is misjudged or abused."

Colonel Potter's candidacy is bound to "out some ice" as the saying is, and he will now have some of the candidates guessing. It is said Sam Jones will be here this summer to boom Colonel Potter's candidacy.

Councilman Ed Hannon is being favorably mentioned also in regard to the race, and has a strong following, but stated today that he had not given the matter any thought, hence a statement now would be premature.

Mayor Yeiser was asked if he intended to become a candidate for re-election and stated:

"I am not a candidate for re-election and no one else is as yet, according to what I am told. I may wait and see what the Republicans do before I say anything. What we want is to see the other side get on and shove their men to the front, then we will have plenty of time to announce and make the

race."

Mr. G. H. Davis, the former councilman who ran against Mayor Yeiser in the last Democratic primary, is also favorably mentioned in the coming race, but stated today that he had not yet made up his mind.

Colonel R. G. Caldwell, chairman of the Democratic city committee, this morning said in regard to his becoming a candidate for mayor but he had nothing definite to say at present.

"I have been studying over the matter," he explained, "and have come to no definite conclusion. I rather think that I will not become a candidate. I do not know what the other men who have been elected will do but will be able by tomorrow to state positively my stand."

Former Mayor Lang has already declined to run for the nomination, and it begins to look as if the race will be between Colonel Potter and Mayor Yeiser, unless Councilman Hannon consents to run. Although the primary is several months away, the mayoralty race is creating a great deal of interest in Paducah.

Wall Street, New York, April 1.—The market opened strong this morning and continued to hold the advance well and from a conservative standpoint this morning one could not but draw the conclusion that the bear depression for the present had run their course and that a further rally from the current level of prices was inevitable. Mr. Morgan's statement, which conveyed his attitude plainly concerning the prevailing depreciations had material effect on the market, even though the interview, while not regarded as particularly bullish by the rank and file carried much weight from the fact that Mr. Morgan should consent to express himself thus at this time. The shorts thought it a part of wisdom to cover and in some cases caused sharp rallies by their purchases. Yet there was reported a fair amount of buying by big interests and a good investment demand springing up in bonds. London was also a good buyer in our market. The decision will be handed down today in regard to the Keene injunction suit and this undoubtedly caused a great many people to stay out of the market, when this is settled we look for more favorable markets. Call money ranged strong from 6 to 12 per cent; sales to noon \$90,800.

ARENZ & GILBERT.

SUIT ON BOND.

R. L. POTTER FILED PETITION THIS MORNING.

R. L. Potter today filed suit in circuit court against the Illinois Central railroad and Attorneys Wheeler & Hughes for \$1,000 damages on injunction bond. This is the bond that was given at the time the railroad took out an injunction to proceed with work on the Cairo extension of the road. The attorneys went on the bond in order that work could proceed, and the injunction having been dissolved, the property owners now are for damages on the bond. Mr. H. W. Rottgoring filed suit yesterday for \$2,000 damages.

Forty-Five More Laborers Arrive for Cairo Division.

Baggage-master Flowers Renews Ont His Eleventh Year at Depot.

OTHER RAILROAD NEWS

A force of 45 colored laborers were brought up from the Memphis division of the I. O. this morning to work on the Cairo branch of the road. The work on this branch will be pushed now that the water has gone down and favorable weather has arrived. The officials of the road have given orders to push the work without delay and to work as many men as can be procured in order that the road be built as soon as possible.

Yesterday closed the eleventh year in which Mr. William Flowers, the popular I. O. baggage-master here, has been in the employ of the Paducah Union Depot company. Mr. Flowers is perhaps the oldest baggage-master in active service on the I. O. and has an enviable record. He has been on the Illinois Central road for 21 years, running on the road as baggage-master for a number of years prior to his transfer to the union depot here. During his 21 years of service he has cost the road only \$12 and is perhaps the best acquainted and the most observant in rules, on the system.

Mr. S. T. Park, a gentleman well known in Paducah, has been appointed master mechanic at Centralia to succeed Mr. J. H. Pollard, resigned.

Mr. Park is well known all over the I. O. having visited all divisions in the capacity of agent for the Talmage Boiler company. This company has an improvement over boilers and the improvements is used by the Illinois Central. Mr. Park had made himself so closely associated with the road that he was appointed to this position. The change is effective today.

Those who do not know the story will find pleasure in plenty in its every line, and will regret when the story ends. The scene is laid in days of Knighthood, when men were

NEVER MISSED A DAY

LaRue County Mail Carrier "Toted" Mail 67 Years.

Drove a Stage Coach for Years and Keew Many Prominent Personages.

NEVER HAD A MISHAP

Hodgenville, Ky., April 1—Sixty-seven years as mail carrier for Uncle Sam is the record held by Mr. Samuel Gibbons, of this place, who has recently retired from the service. Mr. Gibbons and his estimable wife have just celebrated their golden wedding anniversary. He is 78 and she is 73.

Mr. Gibbons began his career as mail carrier under the administration of President Jackson in 1835, when he was but 11 years old, and he has been "toting" Uncle Sam's property under every administration since.

Mr. Gibbons formed the acquaintance of President Jackson at Greensburg, Ky., while the latter was on his way from Nashville to Washington City. The president took the last upon his knee, and at his solicitation promised him that he should be made a mail carrier. Shortly after the president's arrival at Washington Mr. Gibbons received his appointment and was given the route from Greensburg to Hodgenville, a distance of 35 miles. For several years he served as mail carrier on the "lightning express" route from Louisville to New Orleans, plying between Munfordville and Glasgow. In the days of the stage coach Mr. Gibbons operated a line from Louisville to Nashville, on the old Bardonia turnpike, and among his regular passengers were some of the most noted men of those days.

Mr. Gibbons has carried the mails in all parts of the state, and has the remarkable record of never having missed a day from his duty, and of always carrying Uncle Sam's property to its proper destination without a mishap, though many times his life was placed in jeopardy. He relates many thrilling incidents of war times, and of the miraculous escapes he has had from the guerrillas.

JIM HOWARD'S TRIAL

A Change of Venue Will be Asked Tuesday.

The Noted Wabash Injunction Has Been Dissolved at St. Louis Today.

LATE HAPPENINGS BY WIRE

TO ASK CHANGE OF VENUE.

Frankfort, April 1—When the case against Jim Howard, charged with complicity in the murder of Senator Goebel is called in the Franklin circuit court Tuesday, his attorneys will move to grant a change of venue to some adjacent county other than Scott. Notice was served on Commonwealth's Attorney Franklin this morning and he will not agree to a change.

INJUNCTION DISSOLVED.

St. Louis, April 1—In the United States court here Judge Adams handed down a decision dissolving the injunction restraining the officials of Brotherhoods of Locomotive Firemen and railroad trainmen and other labor leaders from interfering or ordering men employed on the Wabash system to strike.

WAS MURDERED.

Bowling Green, Ky., April 1—The mystery surrounding the death of Ewlog Graham, of this city, at Monaca, Pa., Sunday night has been cleared away in part, and reveals the fact he was murdered and robbed and his body placed on the railroad track where it was horribly mutilated. His parents are prominent.

NEW YORK TRAGEDY.

New York, April 1—Mrs. Newton Schoonmaker, young wife of New York, mortally shot by Perival Covert, in Schoonmaker's home, Brooklyn. Covert then killed himself. The bodies were found side by side in the woman's home by her husband.

New York, April 1—Ebenezer Butterick, of Tiesco paper dress pattern fame, is dead.

ON A STRIKE.

Louisville, April 1—Sixty store fixture workers of Louisville are on a strike.

McGOVERN LOST.

Young Corbett won the decision in the eleventh round.

San Francisco, Cal., April 1—Young Corbett and Terry McGovern fought last night eleven rounds of as hard and pretty a fight as was ever seen here, and Corbett won in the eleventh round. It was scheduled to be twenty rounds, and fighting was furious from the start. The men were in good condition, and there was a large crowd present. McGovern was favorite by 10 to 8.

Both men received hard punishment and Corbett's victory is attributed principally to endurance. It is the second time Corbett has licked McGovern, who for some time previous had held the light weight championship.

NEW WAGE SCALES

Unions Will Probably Decide Tomorrow Night.

Painters Sign Up with Contractors—The Brick Famlee Not Relieved.

NEWS IN BUILDING WORLD

The first of next month the scales will be presented by various unions of Paducah to the contractors to be signed, and the demands that will be made of the contractors by the union men will doubtless be known after the meeting of Central Labor union tomorrow night. All these scales go into effect May 1.

It is not believed, from statements made by various union men, that there will be the least trouble. The scales will probably be the same as in force at present, and will be promptly signed up by contractors.

The union painters have settled their differences with the contractors at last, the scale being signed up last night. For the past year there had been an agreement. The painters last year demanded \$2.50 a day for eight hours work, which was refused, the contractors offering \$2.50 for nine hours. The painters have now accepted the nine hours-\$2.50 proposition.

The brick famine in Paducah is still unrelieved, and the brick manufacturers are unable to supply the demand.

A member of one of the largest brick firms in this section stated this morning that they had just started up but would have no brick for the market before April 20. They are making plenty of brick but will have to first burn them before they are ready for use. Memphis, Louisville, Henderson and Evansville are all demanding brick and the famine there is as bad as here. A well known local brick man stated this morning that he had recently been in those four cities and that the building going on is something wonderful. Houses are being built everywhere and in nearly all cases are being constructed out of brick. Paducah has experienced a building boom for several years but not has the extent been shown so clearly as now when the contract work is being delayed by the lack of this material.

The Medical Society has not abandoned its idea of securing a new hospital for Paducah, but can do nothing until the ordinance calling a special election is disposed of in the boards. The city solicitor has rendered an opinion that such bonds cannot be voted at a special election, and it is not known what effect this will have in the ultimate disposition of the ordinance. In case the council and Aldermen refuse to adopt an ordinance calling a special election, however, the doctors and other progressive men who are working for a new hospital will probably wait and have the bonds voted on in November.

The pile driver is working nicely at the Caldwell street bridge and the piling is being set as rapidly as possible. It can not be determined yet how long it will require to complete the bridge, but the work will be pushed as rapidly as possible. The street cars are making transfers from one car to the other but the Illinois Central at this place is still running dummy trains. The express companies are using the dummy trains exclusively.

APPOINTED A DELEGATE

FORMER MAYOR LANG MAY ATTEND GOOD ROADS CONVENTION.

Former Mayor James M. Lang today received an appointment as a delegate to the National Good Roads convention, which meets at St. Louis April 27th to May 2 inclusive. A large crowd is to be there, and Dr. Lang hopes to go. He will be the only delegate from Paducah and this section of Kentucky.

NOW IN JAIL.

ALLEGED MURDERER OF ILLINOIS BEHIND THE BARS IN OMAHA.

Omaha, Ill., April 1.—Granville Edwards is in the county jail, charged with the murder of May Smith, at Gale in this county, on March 5.

Edwards, with other male companions, were living in the house with the woman. On the date mentioned, while under the influence of cocaine, she attacked Edwards with a stove lid and he struck her upon the head, breaking her neck, then he took her body and threw it into the creek, where it was found several days later.

Mary Kennedy, who was arrested as accomplice, told the story which led to Edwards' arrest.

SAFE BLOWERS GONE

Paducah Officers' Hard Work
Now Amounts to Naught.

O'Neal and Russell Get Out of the Eddyville Jail at Nightfall.

WERE AIDED BY PAL

Charles Russell and Frank O'Neal, the alleged safe blowers, are free men again, and the authorities at Eddyville are mourning their hasty departure for pastures new. If the advice of the police of Paducah had been heeded, the thieves would still be prisoners with chances of getting long terms.

Last night they escaped from the county jail at Eddyville, Lyon county, and before the alarm could be given were doubtless far away. They were aided by a confederate who did most of the work, and who pulled the wool over the eyes of the authorities in great shape.

According to the report received in Paducah, the jailer had been repeatedly warned to allow no one to be with the men, or to see them, and never to lock any one in the same cell with them or even near them.

A few days ago a strange man showed up in Eddyville, and after getting things in shape yesterday afternoon played drunk and tried to take the town. He created such a disturbance that he was arrested and locked in the jail, which is what he wanted. He was left in the corridor, and the two safe blowers were in one of the cells.

Reports seem to differ slightly as to how the men got out, but a telephone message to The Sun this morning stated that about 5 p. m. Jailer J. W. Kevill entered the jail to put in water, and left the outside door open. When he unlocked the door, in the safe blowers' cell the "drunken man" in the corridor seized him, and the safe blowers rushed out, and all three overpowered the jailer and bound him. He was kept in there by the six prisoners until about dark, all singing and dancing to prevent the officer's outcry attracting any attention. Their ruse was successful, and at dark they quietly opened the door and left.

One of the six prisoners, a negro, who did not have long to serve, remained and released the jailer, and later in the night one of the colored fugitives was caught.

Russell and O'Neal, it will be remembered, were arrested here a few months ago for blowing a safe at Confederate, Ky. They had skeleton keys, soap, cotton and other things used by safe blowers, and the Paducah police were very proud of their catch, and counted on the rascals getting long terms. After the arrest here the prisoners were fully identified as the men who were lurking about Confederate before the safe blowing, and later were identified as the men who bound and gagged a telegraph operator at Leitchfield, Ky., and leaving him in a freight car robbed the railroad station and safe.

On several occasions local officers had written to Eddyville, the county seat, where the prisoners were incarcerated, urging that they be brought here for safe keeping, but it was never done. It was then urged that no one be placed near them, for it was thought that some pal would eventually be on hand to aid them in escaping, and he showed up with all the success he could have wished.

One of the men claimed to be from Louisville and the other from Memphis.

Captain Henry Bailey and the local police are very much disappointed and disgusted today with the whole affair, for the safe keeping, trial and conviction of the thieves meant \$300 reward to them, which they have now lost. They had repeatedly warned the jailer at Eddyville to allow no one, especially a stranger, to be placed near the robbers, as it was known that their pals would go there with saws and files sewed in their clothing and attempt to liberate them, even if they had to be put to jail to do it. They do not understand why the jailer opened the cell door. Captain Bailey had several times urged that the men be brought here for safe keeping, but they were kept there just the same. They are now doubtless gone for good, and all the work of the Paducah police and the reward they won have gone glimmering.

WILL MEET IN JUNE

A Commercial Convention to be
Held in Louisville.

Mr. George O. Thompson, of Paducah,
Is One of the Committeemen.

A state commercial convention will be held in Louisville in June, the purpose being to advance the material interests of the commonwealth of Kentucky and for the discussion of questions bearing upon the general welfare of the commerce of the state. The call for the convention is issued by the executive committee appointed by the last convention, held in 1900, and which was given authority to call another convention when deemed expedient and necessary.

Mr. J. D. Powers, of Louisville, president of the last convention, is chairman of the committee, and Mr. J. O. Van Pelt is secretary. The committee has not yet made arrangements for the program and other details of the convention, but this work will be taken up immediately. All persons interested in the advancement of the commercial interest of the state are invited to attend the convention as members.

The state executive committee is composed of: State at large, Charles M. Lewis, Shelbyville; state at large, William A. Robinson, Louisville; state at large, Clarence Dallam, Louisville; First district, George O. Thompson, Paducah; Second district, James E. Rankin, Henderson; Third district, J. J. Millikin, Franklin; Fourth district, H. Z. Chubb, Elizabethtown; Fifth district, R. W. Knott, Louisville; Sixth district, E. S. Lee, Covington; Seventh district, Lucas Brodhead, Spring Station, Woodford county; Eighth district, W. W. Stephenson, Harrodsburg; Ninth district, S. S. Savage, Ashland; Tenth district, John E. Buckingham, Paintsville; Eleventh district, James D. Black, Barboersville.

Two of the Gentry Bros. dog and pony shows passed through the city this morning en route from winter quarters to Mississippi where they will open the season, one at Oanton and the other at Winona. The shows were brought through on fourteen cars and had several hundred head of horses and dogs. The dogs were taken from the cars and given a little exercise and air and also were the horses taken out and exercised. The train was sidetracked on the track leading from the yard office to the Tennessee street crossing and the animals were taken out in the surrounding hollows. The shows will open in a few days and will work up from the south, one taking a western and the other an eastern course.

Carnival Committee Met Last
Night. However.

Details of Country Store—Other Meetings Held in the City.

WHIST CLUB MEETS TONIGHT

The executive committee of the Paducah Carnival association held a meeting at Hotel Lagomarsino last night, and disposed of some important matters. It was decided to have a country store this year and to locate it on some prominent corner down town. Instead of big prizes being disposed of at the end of the carnival, and tickets being issued with every purchase, there will be big prizes every night.

These prizes will range in value from \$10 to \$50, a handsome \$50 buggy to be given away the last day. The prize the first day will be a barrel of flour, a \$25 ladies' watch the second day, a \$30 bicycle the third day, a \$15 suit of clothing the fourth day, and a \$15 ladies' umbrella the fifth day.

The carnival colors have not yet been decided on.

Dr. J. V. Voris was chosen chief spieler and will at once select his assistants. Mr. S. A. Fowler was chosen chairman of the river transportation committee.

Tomorrow afternoon the executive committee expects to meet the mayor and street committee and definitely decide on the locations for the various attractions.

Friday night the executive committee will hold a meeting with the sub-committees.

A big meeting of Union Encampment, Odd Fellows, was held last night at their hall, Fifth and Broadway, and the following class was initiated: T. A. Hille, R. L. Gilbert, Daniel Galvin, J. E. Morgan, Charles McKinney, J. F. Henseheller, Earl Johnson, Samuel Whitmer, Edward Alexander, T. J. Hutchens, and Charles Smith, while John Katterjohn and H. A. Heuneberger were reinstated.

The retail merchants will meet tonight in the K. P. hall in regular session, but nothing of importance is to come up so far as known, but it is understood that the matter of Sunday closing may be brought up. The clerks several days ago asked Mayor Yeiser to see that all merchants were closed on Sunday and this matter will be taken up by the merchants.

The Chess, Checker and Whist club will hold its monthly meeting this evening to ballot on petitions and transact other routine business.

DISTILLERY NAMED.

PADUCAH'S NEW ENTERPRISE
TO BE CALLED THE "OLD
TERRELL DISTILLERY."

Preparations are being made to start the new Terrell distillery on the North Side, and it is intended to begin operations next Monday. It has been named the "Old Terrell," and its number is No. 34, Second district. Ten barrels a day will be made at the start, but more later. After starting up Monday it will be Friday before the first pure whiskey is turned out.

HAD THE HEARSE IN WAITING FOR HIS WIFE

Springfield, Ill., April 1—James Pullen completed arrangements with a local undertaker for the burial of his wife, whom he reported to be dead at Jacksonville. He said the remains would arrive at 9 o'clock via the Wash, and when the train pulled in a hearse and several carriages were in waiting at the depot. Instead of the

deceased wife came Mrs. Pullen's brother, who notified the undertaker that Mrs. Pullen was not dead and that the arrangements for the funeral were merely an alcoholic freak of the husband.

Mrs. Pullen is ill at Jacksonville. All the local papers published her obituary this morning. Her illness is only slight.

KING EDWARD STARTS TO LISBON ON VISIT

London, April 1—King Edward, with a suite consisting of half a dozen persons, started for Lisbon, having a few hours previously seen Queen Alexandra off for Copenhagen. The Portuguese minister to Great Britain, the Marquis de Soveral, accompanied the

king on his journey. Owing to the rough weather prevailing, King Edward decided to remain at Portsmouth one night.

It is officially announced that King Edward and Queen Alexandra will visit Ireland in July or August of this year.

CREATORE IS REPORTED INSANE FROM LOVE

Knoxville, Tenn., April 1—A private letter received in this city by a close friend of Creatore states that the great band leader has been placed in a private sanitarium near Cincinnati, madly insane from unrequited love.

The letter stated that the foot of the supposed temporary aberration of Creatore's mind has been kept a close

secret, since it is sincerely hoped by his intimate friends that his recovery will be speedy and sure. The reported insanity is said to have resulted from the fact that the woman who has accompanied him through the south and who looked after him tenderly while he was ill in this city and Atlanta, has forewarned her affection for him and left him.

A MONTH OF GREAT WEATHER POSSIBILITIES

This is the first day of April, a very tickle month in meteorological possibilities.

It may get as warm as 91 degrees, as it did on April 30, 1894, or as cold as 21 degrees, as on April 8, 1875. But these are records. The normal average temperature for the month is 57 degrees, though in 1896 the average was 65 degrees, and in 1874, 49 degrees.

Again, it ought to rain 4.05 inches

and have twelve days with more than .01 of an inch of rainfall. But the month may be as wet as April, 1872 when 9.08 inches of rain fell, or as dry as in 1896, when only a quarter of an inch was precipitated. The record rainfall for one day was April 15, 1880 with 4.06 inches. It may even snow as much as 1.7 inches as on April 5, 1893. The wind velocity will not likely exceed the gale of April 26, 1902, when 55 miles an hour was the maximum speed.

TO HANDLE REAL ESTATE

MR. E. A. HILL OF THE SUN ESTABLISHES AN AGENCY.

Mr. S. A. Hill, who for several years has been circulation manager of The Sun, has established a real estate and rent collecting agency. It is Mr. Hill's plan to find an investment for seekers after good investments and find a purchaser for any property listed for sale with him, as well as take the management of any property left in his care, collecting rents, finding tenants for vacant property, etc.

Mr. Hill will continue his connection with The Sun, but will have ample time to attend to his new business. With his wide acquaintance in Paducah he is in a splendid position for such a business. He will have an office with The Sun, and any telephone or written communications addressed there will receive proper attention.

IN GREAT STYLE

NO MORE SALOONS CAN NOW BE LICENSED AT FULTON.

Last night the liquor license on the Tennessee side at Fulton, Ky., ran out and the event was celebrated in great style. Goat was served in many forms and many other meats served also. The saloons are now closed for good and no more liquor can be purchased in Fulton from this date. There are but few remaining saloons holding license and these will all go out within a comparatively short time. The town recently went "dry" but the few saloons holding license were allowed to run until same had expired.

FIRE IN COUNTRY—Mr. Joel Oollier of Oollier'sville had the misfortune a day or two ago to lose his home by fire. The blaze originated from a defective stove and the loss will amount to about \$500.

STATE G. A. R. MEETS

Gathering to be Held May 19th-20th.

A Large Crowd Is Expected to Be in Louisville.

Arrangements for the annual encampment of the Grand Army of the Republic department of Kentucky, which is to be held in Louisville, May 19 and 20, are progressing with satisfactory rapidity, and the reports made to the general arrangements committee indicate that the attendance will be larger than that of any state encampment ever held. It has not been held in Louisville for fourteen years, and naturally the attendance will be greater than when held in small towns distant of access and presenting few attractions.

Three organizations will hold their annual meetings at the same time, the Grand Army of the Republic, the Woman's Relief Corps and the Ladies of the G. A. R. The railroads have agreed to give reduced rates for the meetings, and a large crowd is expected.

Mr. W. G. Foree, of Louisville, will probably be elected department commander to succeed Mr. T. F. Byland, of Bellview. Mr. Matthew Wade, of Metcalfe county, has been prominently mentioned for senior vice department commander to succeed Mr. W. G. Foree.

Several Indiana posts have signified their intention of attending the encampment. They will, of course, be entitled to no representation, but will be heartily welcomed as visiting comrades.

FOR DAYS OF OLD.

MARK TWAIN MAKES SUGGESTIONS ABOUT BOAT RACES.

New York, April 1—Mark Twain has recalled the days when he was pilot on the Mississippi river in a letter to David R. Francis, president of the St. Louis exposition commission, in response to Sir Thomas Lipton's suggestion that a series of old-time steamboat races be made a feature of the exposition.

Mark Twain wants a genuine reproduction of the old-time race, with negro rowing about singers, the use of the torch basket rather than the searchlight, and the extinguishment of the latterday government lights, so that the quality of the piloting would count where the boats are evenly matched in speed.

"As a spectacle," writes Mark Twain "nothing could add to it except an old-time blow up as the boats finished the home stretch. But this should not be arranged; it is better left to Providence and prayer."

PREPARING TO ANNOUNCE.

Frankfort, April 1—Attorney General Olifton J. Pratt arrived from New York, where he has been attending the hearing of the merger cases before the interstate commerce commission. Judge Pratt will go to Madisonville, his old home, in a few days to consult with his friends regarding his candidacy, after which he will formally announce for the Republican gubernatorial nomination.

ALL COMPLETE.

MR. MAT FRAWLS' SHOE FACTORY INCORPORATED AT LOUISVILLE.

Articles of incorporation for the Conrad-Frawls Shoe company, with a paid-up capital of \$150,000, have been filed at Louisville. The incorporators and the positions they occupy in the new company are: M. J. Streng, president; R. S. Witherspoon, vice president and general manager; J. B. Adone, Palestine, Tex., secretary and treasurer. Others interested are: Theophile Conrad, J. F. O. Hegewald, W. Matt Frawls, Columbus, O.; J. P. Burnett, Columbus, O.; Frank Gorran, William Thalheimer and W. Witherspoon.

The new company absorbs the shoe manufacturing firm of Witherspoon Bros., who have conducted a factory on Second street near Water for several years. A lot 100 by 210 feet on Rowan street near Fifteenth has been secured and a five story factory is to be built at once. The plant will be completed by July 1, and will be put in operation at once. Between 700 and 900 people will be employed, and 5,000 pairs of shoes will be made daily.

The firm will manufacture shoes for women and children exclusively.

W. Matt Frawls, who organized the company, has been with the Wolfe Bros. Shoe company, of Cincinnati, for many years and was until recently of Paducah.

FELL ON TRESTLE

MR. JAMES HEALY PAINFULLY INJURED YESTERDAY AFTERNOON.

Mr. James Healy, a venerable gentleman who resides with his daughter, Mrs. Hubbard Wells, near Fifth and Court streets was painfully hurt yesterday afternoon while on his way to the home of Mrs. George B. Hart to see his other daughter, Mrs. Leach, who is ill.

He is about 90 years old, and was walking for exercise. He attempted to cross the street railway trestle on Jefferson street near Fountain avenue when his foot slipped on the foot-walk in the track and he fell, his left leg going between the ties. A colored man assisted him up and he was taken home in an ambulance, and found to have sustained a painful wrench of the left leg, and possibly a fracture, and was also painfully bruised. His many friends will wish him a speedy recovery.

CHILDREN'S COUGHS AND COLDS

Mrs. Joe McGrath, 397 E. 1st street, Hutchinson, Kan., writes: "I have given Ballard's Horehound Syrup to my children for coughs and colds for the past four years, and find it the best medicine I ever used." Unlike many cough syrups, it contains no opium, but will soothe and heal any disease of the throat or lungs quicker than any other remedy. 25c, 50c, and \$1 at DuBois, Kolb & Co.

THE POPE'S JUBILEE GIFTS.

New York, April 1—Priests who have recently returned from Rome assert that the pope has expressed his willingness to send the United States his collection of jubilee gifts, to be exhibited at the St. Louis exposition. The same steamer which brings Queen Victoria's jubilee gifts may also convey the pontiff's treasures to this country.

WAS FOUND IN RAGS

Escaped Convict Caught in Arkansas Recently.

Kept in Jail Here Last Night and Taken to Eddyville Today.

Mr. Finis L. Clark, deputy sheriff of Fulton county, passed through the city last night en route to Eddyville with John Helt, colored, an escaped convict who was sent up from Fulton county for housebreaking ten months ago for a term of three years.

Helt escaped from the Eddyville penitentiary about four months ago and the officers had put forth every effort to recapture him. He was found in Barfield, Ark., and Deputy Sheriff Clark went after him. They arrived in the city last night and Helt was placed in jail here until this morning at 7:40 o'clock, when he was returned to the penitentiary. He had served only a portion of his term and has over two years yet to serve. He is a negro apparently about 45 years of age and was in rags when found.

EASTER COMES ON APRIL 12.

Easter this year will be on the 12th. The earliest date on which Easter can possibly fall is March 23, but this has not occurred since 1818, and will not again occur until the year of 2000 has been left well behind. The latest day for Easter is April 25. This was the date in 1886 and will be again in 1942. Beside in 1903, Easter will fall on April 12 in 1914, 1925, 1936 and 1998—five times in one century.

McFADDEN'S FLAT.

Philadelphia, April 1—Eighteen men arrested as a result of a riotous demonstration during a performance of the farce, "McFadden's Row of Flats," were arraigned for a hearing and seventeen of them were held in \$500 bail charged with malicious mischief and assault and battery. The eighteenth man was dismissed.

The Duffey will leave for Cumberland river today.

A PHYSICIAN WRITES.

"I am desirous of knowing if the profession can obtain Herbine in bulk for prescribing purposes? It has been of great use to me in treating cases of dyspepsia brought on by excessive or overwork. I have never known it fail in restoring the organs affected, to their healthful activity." 50c bottle at DuBois, Kolb & Co.

HAVE YOU any property that you wish to find someone to handle for you, collect the rents and take the little annoyances off your hands? Mr. S. A. Hill, at The Sun office, will do that and at reasonable cost to you.

Fit Out the Boys.

The little fellows are certainly well cared for in our spring selections. Never before have we had such an array for them, and we cordially invite the mothers to come and see the swellest lines—the best lines of children's clothing ever seen in Paducah. 'Tis simply a fact that we have the goods, and at the right prices.

YOUNG WIFENHOOD

After I had been married about four months I felt my health generally declining. I seemed to lose the light step and dragged along wearily instead. My appetite failed me and I lost health and strength. I was nervous and had shooting pains through my limbs and stomach while bearing down pains and constant headaches added to my misery. The menstrual flow became more and more profuse and I was unable to attend to my daily duties. My husband called in three different physicians and I took medicine enough to kill or cure a dozen women, but it all had no effect on me whatever, until I took Wine of Cardui. In a few days I felt a change for the better, my general health improved and at the next time of my periods my flow was more natural and I was in less pain. Gradually I recovered my health and strength and am now in perfect health. I take an occasional dose of Wine of Cardui which keeps me well. I am happy to give you this endorsement.

Mrs. Bertha Ricker

Wine of Cardui brought Mrs. Ricker good health. That is why she has so much faith in it that she never is without Wine of Cardui in her house.

The first months following marriage are full of peril for the young wife and a dose of Wine of Cardui every day is a great reinforcement to her strength. Why don't you try for the same health Mrs. Ricker has? It is easy to secure if you take Wine of Cardui according to directions. Wine of Cardui strengthens weak and worn-out women of any age and assists the mother and housewife in bearing her exacting duties. It is a great strain to give birth to children and to perform household work, but Wine of Cardui makes women fit for all the duties of womanhood.

It will relieve the pains of irregularity, cure falling of the womb, leucorrhoea, ovarian troubles, and has been known to remove what physicians considered dangerous tumors. Women who use Wine of Cardui do not suffer at the monthly periods. No shock or strain lays them up in bed for days or weeks with nervous prostration. They do not suffer hysterical attacks, because Wine of Cardui gives them strong nerves freed from the irritation of female suffering.

A \$1.00 bottle of Wine of Cardui purchased from your druggist will keep you free from pain.

DAILY THOUGHT.

"He is the happiest man who best

understands his happiness; for he is,

of all men, most fully aware that it is

only the lofty idea, the nurturing, con-

scious, human idea, that separates

gladness from sorrow."

THE WEATHER.

Partly cloudy tonight and Thurs-

day. Warmer tonight.

Ice goes up today in St. Louis.

People in the Future Great are getting

a cold deal rather early.

Poor old Cairo! Probably they're

waiting for the sipe water to run out

in order to ascertain if there's enough

of the Egyptian city left to make a

baseball park.

Some of us may be prone to believe

from the pictures that Memphis is

suffering from a flood, but they are

still able to race horses with wonted

regularity down there.

Monteno physicians worked on and

reconstituted a young man who had

been dead, half an hour. The Demo-

crats need not be too hopeful, how-

ever; their party has been dead too

long.

Count Von Reventlow of Berlin

comes back at Admiral Dewey by say-

ing that the United States navy al-

ways wins—in its maneuvers for exhi-

bition purposes, and that our officers

and men are inefficient and the mor-

ale of the navy low, as evidenced by

the desultory. It is to be hoped that

Uncle Sam will never have occasion

to convince the count of his error in

sizing up our navy.

A colossal effort is to be made in St.

Louis this month to clean the city.

The civic improvement league is to re-

mind every citizen on April 25 of his

individual duty by having placards and

flags on all cars bearing the inscrip-

tion "Help to Clean the City." This

may shock the tender sensibilities of

those whose motto is "Don't give

the old town a bad name," but de-

spicable cases sometimes require drastic

remedies.

A prominent Democrat stated today

that one reason the Democratic pri-

mary was called late was to give the

present Democratic administration a

chance to redeem itself. "We want

those officials to do something for the

city, to build streets, make improve-

ments, and not spend their time stand-

ing around on the street corners talk-

ing politics," he said. It is feared

that the Democrats are wasting their

valuable time in a hopeless cause if

they expect the administration to ever

redeem itself, however. It would take

longer than six months to obliterate

the memory of that \$1.85 tax rate

without a single public improvement.

ests and the location of needed indus-

tries, but it can't attend to matters

tending to improve or ornament the

city. There should be a civic federa-

tion of aggressive tendencies. An as-

sociation of men who mean business,

and whose suggestions for public im-

provements would not be pigeon-holed

and forgotten, would be a great help.

In Lexington, Ky., the grand jury

severely blamed the mayor for the

condition of the streets. The mayor

wrote a cord to the papers asking for

"fair and generous consideration," to

which the Leader replies: "Standing

knee-deep in mud, however, the pub-

lic is in no frame of mind to deal out

'generous consideration' to any alarm-

ing extent. Resolves from the slough

of filth in which we have been so

gently deposited; help us to reclaim

our stocks of goods, furniture and

clothing from the dust, and we will

then pull the lever and turn on enough

'generous consideration' to fill the life

of even the most exacting mayor with

balm." "The crying shame of

Lexington's streets grows deeper and

deeper, and unless the council takes

some immediate steps then we are un-

done indeed." The same applies in a

measure to the conditions in Paducah.

The street question is hardly a ques-

tion at all. There is little room for

argument. When the taxpayers are

gouged year after year to keep up the

streets, the streets ought to be kept up.

THE COUNTY ROADS

Preparations Being Made for

Meeting Saturday

Supervisor Johnson to Start Work Af-

ter Fiscal Court Next Week.

Preparations are being made for a

good roads meeting to be held at the

Little Union school house, in the

county, on the Hinkleville road, Sat-

urday night. County Judge Lightfoot

and County Road Supervisor E. B.

Johnson will go out and make the re-

sults of that section the same propo-

sition made elsewhere.

Supervisor Johnson will begin the

annual repairs on the county roads

after the meeting of fiscal court next

Tuesday. All the roads, aggregating

over two hundred miles, will be grad-

ed this year. Last year less than sev-

enty-five miles were graded. It is es-

timated that the work will cost about

\$3,000. The county will gravel as

many roads as possible, but only in

accordance with the plans outlined by

Judge Lightfoot at the good roads

meetings. The county officials be-

lieve that this is a more equitable and

expedient way to gravel the roads,

and when the co-operation of the fer-

mers is secured the county's part will

cost \$15,000 or more, but no gravel-

log will be done on roads where co-

operation has been refused.

WHY LEAVES CHANGE COLOR.

Chemical Elements Produce the Hue

We All Know.

A leaf is composed of a great num-

ber of cells, the walls of which are

brown. In the spring and summer

these cells are all filled with fluid,

colored with minute globes of red,

yellow and other pigments, which,

mixed together, appear green. In the

autumn, through the cold, oxidation

and other changes take place in the

leaf cells, destroying more or less

rapidly certain of the color elements.

As soon as one of these elements is

gone the leaf no longer appears a

BOYD FINED HEAVILY

Dray Driver Stuck for \$100 and
Sent to Jail.

Was Too Meddlesome at a Street Car

Smashup Fri-

day.

THE LATE POLICE NEWS

Ben Boyd, the colored dray driver,

was heavily fined by Police Judge San-

ders this morning for a breach of the

peace.

During the Georgia minstrel parade

last Friday a street car struck a wag-

on on Broadway and Ben immediat-

ly took a prominent part in attempt-

ing to straighten matters out. He and

a motorman had words and knives

were drawn and a general disturbance

created. After hearing the evidence

Judge Sanders thought that a fine of

\$100 with 50 days' jail sentence would

be about all, entered it up.

The breach of the peace case against

Bill Brown, colored, and James Tay-

lor and Ernest Ozment, white, was

left open after a partial hearing of the

evidence. Brown is alleged to have

been badly used by bricks in the hands

of the white boys.

Milt Cartwright and wife and Joe

Warneck, white, were all recognized

in the ann of \$300 for their good be-

havior towards each other for a period

of one year. They engaged in a gen-

eral fuss which ended in a fight, ac-

cording to the testimony of one defend-

ant.

The breach of the peace case against

Lizzie Jones, colored, was continued.

She is alleged to have attempted to

break in the door of Birtia Tyler.

Charles Burrell and Will Hagg,

white, were arraigned for a breach of

the peace and the former fined \$10 and

costs and the latter dismissed.

The case against Bill Brown, col-

ored, for flourishing a pistol was con-

tinued.

The petty larceny charge against

Neff Shaw was dismissed. Shaw is a

negro charged with having taken lan-

terns from the I. C.

Ernest Hunt, white, was fined \$10

and costs for riding on a car and re-

fusing to pay his fare.

Mike Graston and J. W. Wyatt,

white, were fined \$1 and costs each

for drunkenness.

Deisy Jonnison, colored, was fined

\$20 and costs for immorality. Henry

Thomas, a stumbant negro, was also

warranted for the same charge but is

not under arrest. His case was con-

tinued.

Marshal Crow stated this morning

that he had received many complaints

of brick and building material being

left to the streets, especially at night

without warning lights, and as it is in

open violation of the law, he has in-

structed his police to swear out war-

rants against all contractors or persons

having such material placed in the

street. Several accidents have been

narrowly averted of late and com-

plaints have been numerous. The

contractors who place sand and brick

in the street must have a warning

light out and any failure to do this

will mean arrest and prosecution here-

after.

Marshal Crow this morning changed

up all the policemen, making those

who have been remaining on watch

from 12 o'clock at noon until 12 at

night take the watch held by the po-

lice serving from 12 at night until 12

There was a freight wreck at Tip-

ton, Tenn., this morning on the I. C.

railed. Details of the wreck were not

received here and the extent of the

damage could not be learned. The

wreck happened about 7:30 o'clock

and threw the No. 102, the fast east

"Knighthood" is certainly a love story
of excellence. It starts today.

HOTEL BEING IMPROVED—The
St. Nicholas hotel is being improved
by additions to the office, which is re-
ceiving a new floor and fresh paint
and paper. The parlor is being used
as an office temporarily. Twelve un-
furnished rooms upstairs are also being
completed.

RETAIL GROCERS to MERT—
The Retail Grocers' association will
meet Friday night and complete all
work relative to placing everything in
shape. The association is now a well-
fledged corporation and a meeting of
the board of directors will be called
probably tomorrow to take some ac-
tion in regard to several small matters.

FIREMAN IS DYING—Charles
Johnson, a fireman on the I. C. road,
is in a dying condition at the railroad
hospital and is not expected to survive
the day. Johnson resided in Little
Olympia until he went on the road and
has since been residing in Pannock.
He has been ill of rheumatism for sev-
eral months, having been taken into
the hospital in January.

BUYING NEW MATERIAL—Pro-
cessions are being made to start the
new Methodist church at Morray.

GLASS IN HIS EYE—Mr. O. L.
Faust of Jeppa, Ill., is here with his
little son to have glass removed from
his eye. The boy was knocking two
bottles together when a piece of glass
chipped off and struck the little fellow
in the eye, almost putting it out. It
is thought the sight can be saved.

DEATH OF A COLORED MAN—
Anderson Bell, aged 60 years, colored,
died yesterday at his residence, 318
South Eighth street, after an illness
of several days. He suffered from
liver complaint. He leaves two
daughters and the remains will be tak-
en to McKenzie, Tenn., for burial.

It is reported that the firemen's con-
ference at Chicago, in which the fire-
men of the Illinois Central hope to se-
cure an increase in pay, as did the en-
gineers, is going slow, and that noth-
ing has been accomplished on account
of a part of the general committee fail-
ing to arrive. Delegates from each
division are appointed and as yet all
delegates have not arrived.

NO NEW CASES—The county
health officer reports that there are no
new cases of smallpox in the county.
The case just reported as being a new-
ly developed one was reported in The
Sun over a week ago and is now get-
ting along nicely. There are only two
cases of smallpox in the county and
one of these will be discharged this
week.

IS STILL UNCONSCIOUS—The
negro patient admitted to the railroad
hospital yesterday in an unconscious
condition is no better and nothing
further has been learned of him. He
is still unable to talk and is restless.
A telegram has been sent up the
Louisville division of the road, from
where the patient came, but no infor-
mation has been received in return.

MANY WERE LOST—Yesterday
was the thirty eighth anniversary of
the destruction of the ship General
Lyons off Cape Hatteras, in which
many soldiers of Company A, 56th
Illinois Infantry, from Metropolis and
Massac county, Ill., went down. They
had left Sherman's army at Wilming-
ton, Del., and were on their way to
Washington to be mustered out. In a
storm a barrel of oil burst, burning
the ship.

Attorney W. F. Bradshaw, Sr., went
to Oaks this morning on business and
will return this afternoon.

MORE THAN HALF.

SUFFER FROM COFFEE DRINK-
ING.

Coffee does not set up disease with
all people using it; on the other hand,
it absolutely does create disease in
thousands and thousands of cases per-
fectly well authenticated and trace-
able directly to coffee and nothing
else.

This statement may hurt the feel-
ings of some coffee drinkers, but the
facts are exactly what they are.

Make inquiry of some of your coffee
drinking friends and you may be cer-
tain of one thing, one-half of them,
yes, more than half, suffer from some
sort of ineffectual or chronic disease. If
you want to prove it's the coffee, or
would prefer to prove it is not the
coffee in these cases, take coffee away
from those persons for ten days to
a month, don't change the food in
any other way, but give them Postum
Food Coffee, and the proof of whether
coffee has been the trouble or not will
be placed before you in unmistakable
terms.

A young lady in the St. Mary's
Academy, Winnipeg, Can., says:
"One of our teachers suffered a long
while from indigestion. She was a
coffee drinker. She became worse
steadily and finally was reduced to a
point where the stomach did not re-
tain any food, then electricity was
tried, but without avail. She, of
course, grew weak very fast, and the
doctor said the case was practically
incurable."

"About that time I was attracted to
a statement in one of the papers re-
garding the poisonous effect of coffee
and the value of Postum Food Coffee.
The statement was not extravagant,
but couched in terms that won my
confidence and aroused me to the be-
lief that it was true. I persuaded our
teacher to leave off the morning cup
of coffee altogether and use Postum
Food Coffee."

"A change took place. She began
to get better. She has now regained
her strength and is able to eat almost
every kind of food and has taken her
position as teacher again." Same
given to the Co., Little Creek,

WEDDING OF MISS
FRIEDMAN AND MR. LEVY.

The marriage of Miss Melitta Fried-
man, daughter of Mr. and Mrs. Julius
Friedman, of this city, to Mr. Benja-
min Levy of Iowa, took place last ev-
ening at the bride's home on North
Sixth street. The ceremony was per-
formed at 8 o'clock by Rabbi David
Alexander of Temple Israel in the
presence of only the relatives and im-
mediate friends. The attendants were
Miss Viola Ullman of this city, maid
of honor, and Mr. Maurice Kohlman
of Madisonville, Ky., who was best
man. Master James Friedman, son
of Mr. and Mrs. Herman Friedman,
acted as ring bearer. The bride wore
an elegant dress of tan crepe and car-
ried bride roses. The maid of honor
was gowned in pink organdie and car-
ried pink carnations.

A reception from 9 to 11 o'clock fol-
lowed the ceremony, and at this time a
number of guests were present. The
house was handsomely decorated for
the occasion. Pink and white being
the color-effect.

Mr. and Mrs. Levy left this morn-
ing on an extended bridal trip south.

MARRIED IN INDIANA

Mr. Frank Short, of Paducah, and Miss
Lucy Eosko, of Seymour, Ind., were
married at the bride's home in the lat-
ter place last night, and the couple are
expected this evening and will have
rooms at Captain Herndon's, Wash-
ington near Fourth. Mr. Short is the
manufacturer here of artificial stone,
and has made many friends since he
came to Paducah to reside.

WHIST CLUB.

Mrs. Henry Weil will entertain the
Whist club this evening at her home
on Broadway.

Mrs. U. C. Lee has gone to Benton
on a visit.

Messrs. Pat O'Brien and Mendall
Johnson left today for Louisville.

Born to the wife of Mr. Gus Toler,
of 14th and Trimble streets, yester-
day afternoon, a fine boy baby.

Mr. Willis Monnet, of Eddyville,
was in the city today.

Captain P. W. Hollingsworth and
wife went to Evansville today on a
visit.

Dr. W. R. McPherson has gone to
Florida where he was called by the
death of relative.

Mrs. Josephine Young and daugh-
ters, Mesdames Randolph and Mason,
of Mayfield, are visiting Mrs. J. E.
Thomas.

Mr. and Mrs. James Wahl, formerly
of Paducah but now of New Orleans,
are parents of a fine boy baby, their
second.

Mr. and Mrs. G. B. Brandley and lit-
tle son, William, will leave tonight for
New Orleans and the coast for an ex-
tended visit.

Mr. O. F. Row, chief clerk to Mas-
ter Mechanic Barton, and wife returned
from Chicago this morning after a
few days' visit in that city.

Mr. O. M. Dunn, the assistant gen-
eral manager of southern lines of the
I. C., was in the city yesterday after-
noon and today on a regular tour of
inspection.

Jailer Fayette Jones and Mr. John
Farley, Jr., have returned from a so-
journ at Hot Springs, Ark., and are
both improved in health. They report
fully a dozen Paducah people still
there.

Rev. J. W. Sykes, rector of Grace
church, jumped from a ladder while sup-
erintending the trimming of some trees
in the church house yard, and sprained
an ankle, which has partially disabled
him. The ladder started to fall and
he jumped to save himself. The injury
is not serious.

HIS FIRST LOVE.

MR. A. S. THOMPSON AGAIN SU-
PERINTENDENT OF STREET
RAILWAY.

Mr. A. S. Thompson, who was for
many years superintendent of the Pa-
ducah street railway, was today again
appointed to that position, and as-
sumes charge at once. He succeeds
Mr. H. R. Porter, who will probably
return to Cincinnati to reside.

Mr. Thompson resigned the position
a year ago in order to give more at-
tention to his stock yards, and since then
Mr. Porter had been superintendent.
Mr. Thompson is now in charge, and
has not decided who will be his as-
sistant.

TO THE PUBLIC—As provided by
law, census takers will commence on
April 1 to take the census of children
of school age in the city. All child-
ren who may be 5 years old and under
20 on July 1 next are of school age.
Parents and guardians are requested
to give the enumerators when they
call every aid and all information
asked, that a full, fair and correct
count may be had. The census is
taken every year that the city schools
may get their due proportion from the
state fund for education and entails
no additional tax upon taxpayers of
the city. Respectfully,
BOARD OF EDUCATION.

Theatrical Notes.

To The Kentucky Friday night
comes the new and strenuous realisto
melodrama, "A Ruined Life," which
has been highly successful during this
its first season. Several new and stir-
ring situations are introduced in it.
The heroine when hotly pursued es-
capes by utilizing an airship which a
famous French inventor has in readi-
ness for a trial trip across the English
Channel. This is but one of the ex-
citing events in the drama, which has
been a big popular success since its
first production.

ALL BIDS REJECTED

Refunding Committee of Fiscal
Court Took Action.

All Offers Were on a 4 per Cent Basis
Instead of 3 1/2.

The refunding committee of the
McCracken fiscal court met this after-
noon at the county court house, and
opened bids for refunding \$100,000
worth of 5 per cent county bonds.

Justice Barber is chairman of the
committee, and the other members are
Justices Burnett, Young and Sheehan,
and County Judge Lightfoot, and
County Attorney Graves.

There were four bids, but when they
were opened it was found that every
bid was on a 4 per cent basis, instead
of a 3 1/2 per cent basis, and as the
committee did not feel authorized to
accept anything over three and a half
per cent, all bids were rejected.

Those who submitted bids were as
follows: W. J. Hayes & Son, of Cleve-
land, O.; Dennis, Pryor & Co., of
Cleveland, O.; Globe Bank and Trust
Co. and S. A. Kean, of Chicago.

Bad Practice Stopped.
Dr. Joseph H. Raymond, sanitary
superintendent of Brooklyn, has is-
sued an order putting a stop to the
barbarous practice of taking to the
police station persons found either
partially or wholly unconscious. In
several recent cases death has result-
ed from the practice, the police think-
ing the unconscious parties were sim-
ply drunk, when as a matter of fact
they needed immediate medical atten-
tion.

Good clothes Make you Feel Comfortable

Is it a comfortable thing to
know your clothes are all
right? To know they hang
right, are cut right, made right
and of the latest style?

We sneer when a man says,
"The clothes make the man."
May be they don't, but it gives
him an air of prosperity to be
well dressed.

Let me make your clothes and
you will always be well dress-

GROCERY BURNED.

PADUCAH MAN HAS A STREAK OF BAD LUCK.

The grocery of E. R. Havrick at Fourteenth and Trimble streets was almost destroyed by fire last night. A lighted lamp was left in the store when it was closed about 8:30 and it is supposed exploded. A motorman in passing the store about 10 o'clock saw the building full of smoke and sent in an alarm. The fire department extinguished the blaze as soon as possible, but the damage will amount to about \$400, it is thought. The building, which was not burned much, belongs to Mr. Dick Holland of Trimble street. Mr. Havrick's restaurant on Second street burned a few months ago, and he then went into the grocery business.

The gentleman's bad luck yesterday was still worse than losing his grocery, as he received news from Vienna, Ill., of the death of his sister, Miss Olive Havrick, of consumption.

DANGEROUS PRACTICE.

MANY OBSTRUCTIONS ENDANGER FIRE DEPARTMENT.

Last night a representative of The Sun rode on the hook and ladder truck to answer to an alarm about 10 o'clock. Owing to a mix-up in the boxes the ladder truck went to Mahanburg instead of Fourteenth and Trimble, from where the alarm was sent in. In making the run several accidents were narrowly escaped. On Sixth street a large pile of brick had been stacked in the street several feet from the gutter, and without a warning light. The driver had nearly run into the brick before they were seen. Another danger comes from persons leaving teams and buggies standing loose in the street. The horses become frightened and dash out in front of the truck. The firemen have often kicked about lumber, brick and other material being stacked in the street without any light and will hereafter prosecute any contractor violating the city ordinances in failing to put out warning lights.

Y. M. C. A. NOTES.

BASEBALL CLUBS NOW BECOMING OF INTEREST.

This afternoon the members of the association ball team will meet for practice. This sport bids fair to prove the most popular in the association and already several junior teams have been organized in the association. Saturday a week the junior association team will meet the team of Master Clay Kidd and an interesting contest is assured.

The tennis court will be used this week. The court has not yet been completed but will be used and padded down in order to get it in shape for the formal opening.

The ladies' committee met last night and decided to have a "cake sale" on the Saturday preceding Easter Sunday. This will be something new and the ladies hope to be able to clear quite a neat sum out of the affair. Cakes, eggs and all other Easter novelties will be sold.

KENTUCKY PROSPECTS.

Washington, April 1.—"Republican prospects in Kentucky have been greatly improved on account of dissensions in the Democratic ranks," said Internal Revenue Commissioner John W. Yerkes, "and the Republicans ought to be able to elect a governor and state ticket next fall. I do not know who our candidate will be, for the situation has not developed sufficiently to determine that. Thus far there is but one man who is looked upon as an avowed aspirant, and that is Attorney General Pratt, but even he has not announced himself a candidate. The name of Augustus E. Willson of Louisville is also mentioned, but he will not be a candidate, for he intends to devote himself to the practice of law."

Mr. Yerkes returned from his trip last night. After leaving Kentucky he went to Asheville, N. C., where he spent a couple of days. Discussing politics from a national viewpoint the commissioner said: "Kentucky will be for President Roosevelt at the next Republican convention. I regard his nomination and election as a foregone conclusion."

Drugs are the Purest and Best at

THE MAINE WRECK.

CUBA WILL RAISE IT AND SOLVE THE MYSTERY.

Washington, April 1.—The navy department has been notified that the wreck of the battleship Maine is to be raised in Havana harbor, thus making possible a final solution of the mystery surrounding the manner in which the vessel was blown up. The wreck is to be raised by Cuba, at her own expense and bills for the work have been asked.

Ever since the conclusion of the Spanish war the navy department has been besieged with requests for contracts for the privilege of raising the famous wreck. The department has invariably replied that there was no fund for this work and that, at any rate, Cuba's consent to the raising of the wreck would be necessary before the work would be undertaken.

There is still much curiosity and difference of opinion as to whether the Maine was destroyed by some outside power, or, as the Spanish claim, by spontaneous combustion in her magazines. The question will probably be settled finally when the wreck is raised.

BROOKPORT NEWS.

Mrs. Della Mason is visiting in Paducah.

Brookport's bank begins business in the Smith brick on April 2.

Mrs. Anna Holt of Paducah spent last week with friends in the city.

Mrs. Ed Whalin and children are visiting relatives in Paducah this week.

Mr. Chas. E. Cardwell of Sturgis, Ky., who has been spending some days in the city, returned home Monday.

The Brookport Masonic lodge was called to the country today to conduct the funeral of Mr. John Lanier, an aged citizen living near the city.

Mrs. J. D. Whalin, whose husband was killed about a year ago on the railroad here, has sold her property in the city, and removed her household goods to East St. Louis Monday.

Our schools closed Monday and very pretty exercises were conducted by the teachers and pupils at the Christian church Monday evening. After the exercises each teacher was presented with a handsome present by the pupils of their respective grades. The presents were a surprise planned by the pupils themselves. The principal, Prof. A. L. Whittenberg, has had charge of our school three years, and that his efforts and also those of the lower grades are appreciated was apparent by the large audience and beautiful presents.

LOW RATES WEST AND NORTHWEST.

Work Caused Nervous Prostration,

Heart Trouble and Great Suffering.

Dr. Miles' Heart Cure and Nerve Cured Me.

Where the symptoms of heart disease and weakness are present together with those of nervous trouble, much benefit may be derived from the use of both Nerve and Heart Cure. The Nerve Cure quiets the brain and brings sweet sleep, it brings the needed nourishment to the nervous system, restores nerve force, vitality and energy. The action of the Heart Cure is equally beneficial. It aids the good work of Nerve by enriching the blood, improving the circulation and by its tonic action steadying and restoring the heart beats or pulse to their normal activity.

"Some years ago while I was connected with the Western Nebraska Conference as Presiding Elder, I was so overworked that I became greatly run down in health and suffered for two years with serious nervous prostration and heart trouble. At first I had spells of heart palpitation and smothering, and later there was a great deal of pain in the region of the heart and a feeling of oppression in the chest. During all this time I was very nervous, irritable and unable to sleep. Being advised to try Dr. Miles' Nerve and Heart Cure and Pain Pills, they proved exceeding beneficial to me, affording complete and permanent cure. Since then your remedies have frequently been used by myself and family and always with the best results."—REV. C. H. POLK, U. S. Church, Washington, D. C.

A Good Beginning

If the blood is in good condition at the beginning of the warm season, you are prepared to resist disease and are not apt to be troubled with boils, pimples, blackheads and blotches, or the itching and burning skin eruptions that make one's life a veritable torment and misery.

Now is the time to begin the work of cleansing and building up the blood and strengthening the weak places in your constitution. During the cold winter months we are compelled to live indoors and breathe the impure air of badly ventilated rooms and offices. We over-work and over-eat, and get too little out-door exercise, and our systems become clogged with impurities and the blood a hot-bed of germs and humors of every kind, and warm weather is sure to bring a reaction, and the poisonous matter in the blood and system will break out in boils and pustules or sealy eruptions and red, disfiguring bumps and pimples. Make a good beginning this season by taking a course of S. S. S. In time; it will not only purify your blood and destroy the germs and poisons, but promote healthy action of the Liver and Kidneys and give you a good appetite at a time when you need it most.

S. S. S. improves the digestion and tones up the Stomach, and you are not continually haunted by the fear of indigestion every time you eat, or troubled with dizziness, nervousness and sleeplessness. There is no reason to dread the coming of warm weather if you have your system well fortified and the blood in a normal, healthy condition. It is the polluted, sluggish blood that invites disease germs, microbes and poisons of every kind and bring on a long train of spring and summer ailments, break down the constitution, and produce weakness, lassitude, and other debilitating disorders. Eczema, Acne, Nettle-rash, Poison Oak and Ivy, and other irritating skin troubles are sure to make their appearance unless the humors and poisons are antitoxed and the thin, acid blood made rich and strong before the coming of warm weather.

A course of S. S. S. now would be a safe precaution and a good beginning and enable you to pass in comfort through the hot, sultry months and escape the diseases common to spring and summer. S. S. S. is guaranteed purely vegetable and is recognized as the best blood purifier and the most invigorating and pleasant of all tonics. Write for our book on "The Blood and Its Diseases."

Low Colonist Rates to the Northwest and California

From February 15th until April 30th, the Burlington makes greatly reduced one-way rates for settlers going to California, Montana, Big Horn Basin, Idaho, Washington, Oregon, Puget Sound Country and British Columbia. Generally speaking the reduction is from 25 to 40 percent.

The Way To Go

Take the Burlington trains at St. Louis, Kansas City, St. Joseph, Omaha, Denver or Chicago. With its close connections, the Great Northern and Northern Pacific roads, and with its through train service the Burlington offers more to the settler than any other line or combination of lines into the Northwest.

The "Burlington-Northern Pacific Express" is the great daily train with through chair cars, coaches and through tourist sleepers. This is the only through train into the Northwest jointly with the Northern Pacific Road.

To California

Join the Burlington's personally conducted California excursions in through tourist sleepers which are run on frequent dates each week via Denver, Scenic Colorado and Salt Lake City.

Main Traveled Road

One makes no mistake in calling for tickets over the Burlington with its 5000 miles of main traveled trunk lines leading practically to all the great cities and diverging points of the West.

Describe to us your proposed trip and let us advise you the least cost and send you free reading matter.

WHEN KNIGHTHOOD WAS IN FLOWER

Or, The Love Story of Charles Brandon and Mary Tudor, the King's Sister, and Happening in the Reign of His August Majesty King Henry the Eighth
Rewritten and Rendered into Modern English from Sir Edwin Caskoden's Memoir
By EDWIN CASKODEN [CHARLES MAJOR]
Copyright, 1898 and 1901, by the Dutton-Merrill Company

ann now he chose.

After a time Judson began to breathe hard and his thrusts to lack for. "Boy, I would spare you," he said. "I have killed enough of your tribe. Put up your sword and call it quits."

Young Brandon replied: "Stand your ground, you coward. You will be a dead man as soon as you grow a little weaker. If you try to run, I will thrust you through the neck as I would a cur. Listen how you snort. I shall soon have you. You are almost gone. You would spare me, would you? I could preach a sermon or dance a horripole while I am killing you. I will not break my sword against your coat of mail, but will wait until you fall from weakness, and then— Fight, you bloodhound!"

Judson was pale from exhaustion, and his strength was coming in gasps as he tried to keep the merciless sword from his throat. At last, by a dexterous twist of his blade, Brandon sent Judson's sword flying thirty feet away. The fellow started to run, but turned and fell upon his knees to beg for life. Brandon's reply was a flashing circle of steel, and his sword point cut lengthwise through Judson's eyes and the bridge of his nose, leaving him sightless and hideous for life—a revenge compared to which death would have been merciful.

The deed created a sensation throughout the kingdom, for, although little was known as to who Judson was, his fame as a duelist was as broad as the land. He had been at court upon several occasions, and at one time, upon the king's birthday, had fought in the royal lists. So the matter came in for its share of consideration by king and courtiers, and young Brandon became a person of interest. He became still more so when some gentlemen who had served with him in the continental wars told the court of his daring and bravery and related stories of deeds at arms worthy of the best knight in Christendom.

He had an uncle at the court, Sir Thomas Brandon, the king's master of horse, who thought it a good opportunity to put his nephew forward and let him take his chance at winning royal favor. The uncle broached the subject to the king, with favorable issue, and Charles Brandon, led by the hand of fate, came to London court, where that same fate had in keeping for him events such as seldom fall to the lot of man.

CHAPTER II. HOW BRANDON CAME TO COURT.

WHEN we learned that Brandon was coming to court, every one believed he would soon gain the king's favor. How much that would amount to none could tell, as the king's favorites were of many sorts and taken from all conditions of men. There was Master Wolsey, a butcher's son, whom he had first made almoner, then chief counselor and bishop of Lincoln, soon to be bishop of York and cardinal of the holy Roman church.

From the other extreme of life came young Thomas, Lord Howard, heir to the Earl of Surrey, and my Lord of Buckingham, premier peer of the realm. Then sometimes would the king take a young man of the guard and make him his companion in jousts and tournaments solely because of his brawn and bone. There were others whom he kept close by him in the palace because of their wit and the entertainment they furnished, of which class was I, and I flatter myself, no mean member.

To begin with, being in no way dependent on the king for money, I never drew a farthing from the royal treasury. This, you may be sure, did me no harm, for, although the king sometimes delighted to give, he always hated to pay. There were other good reasons, too, why I should be a favorite with the king.

My appointment as master of the dance, I am sure, was owing entirely to my manner. My brother, the baron, who stood high with the king, was not friendly toward me because my father had been so fit to bequeath me so good a competency in place of giving it all to the firstborn and leaving me dependent upon the tender mercies of an elder brother. So I had no help from him nor from any one else. I was quite small of stature and therefore unable to compete with lance and mace with hulking men, but I would bet with any man, of any size, on any game, at any place and time, in any amount, and, if I do say it, who perhaps should not, I basked in the light of many a fair smile which larger men had sighed for in vain.

I did not know when Brandon first came to London. We had all remained at Greenwich while the king went up to Westminster to waste his time with matters of state and quarrel with the parliament, then sitting, over the amount of certain subsidies.

Mary, the king's sister, then some eighteen or nineteen years of age, a perfect bird, just blossoming into a perfect flower, had gone over to Windsor on a visit to her elder sister, Margaret of Scotland, and the palace was dull enough. Brandon, it seems, had been presented to Henry during this time at Westminster and had, to some extent at least, become a favorite before I met him. The first time I saw him was at a joint given by the king at West-

"Yes, I suppose so. But don't bother me."
"Will he be at the dance and banquet tonight?"
"No! No! Now I must go. Don't bother me, I say!" And the king moved away.
That night we had a grand banquet and dance at Westminster, and the next day we all, excepting Lady Mary, went back to Greenwich by boat, paying a farthing a head for our fare. This was just after the law fixing the boat fare, and the watermen were a quarrelsome lot, you may be sure. One farthing from Westminster to Greenwich! Eight miles. No wonder they were angry!
The next day I went back to London on an errand and over to Wolsey's house to borrow a book. While there Master Cavendish, Wolsey's secretary, presented me to the handsome stranger, and he proved to be no other than Charles Brandon, who had fought the terrible duel down in Suffolk. I could hardly believe that so mild-mannered and boyish a person could have taken the leading part in such a tragedy. But with all his gentleness there was an underlying dash of cool daring which intimidated plainly enough that he was not all unbusiness.

We became friends at once, drawn together by that subtle human quality which makes one nature fit into another.

"Don't bother me, I say!"

er, resulting in friendship between men and love between men and women. We soon found that we had many tastes in common, chief among which was the strongest of all congenial bonds—the love of books. In fact, we had come to know each other through our common love of reading, for he also had gone to Master Cavendish, who had a fine library, to borrow some volumes to take with him down to Greenwich.

Brandon informed me he was to go to Greenwich that day, so we determined to see a little of London, which was new to him, and then take boat in time to be at the palace before dark.

That evening, upon arriving at Greenwich, we hunted up Brandon's uncle, the master of horse, who invited his nephew to stay with him for the night. He refused, however, and accepted an invitation to take a bed in my room.

The next day Brandon was installed as one of the captains of the king's guard, under his uncle, but with no particular duties except such as should be assigned him from time to time. He was offered a good room on one of the lower floors, but asked instead to be lodged in the attic next to me. So we arranged that each had a room opening into a third that served us alike for dressing room and armory.

Here we sat and talked, and now and then one would read aloud some favorite passage while the other kept his own place with finger between the leaves. Here we discussed everything from court scandals to religion, and settled, to our own satisfaction at least, many a great problem with which the foolish world is still wrestling.

We told each other all our secrets, too, for all the world like a pair of girls. Brandon told me of his hopes and aspirations, chief among which was his desire to earn and save enough money to pay the debt against his father's estate, which he had turned over to his younger brother and sisters. He, as the eldest, could have taken it all, for his father had died without a will, but he said there was not enough to divide, so he had given it to them and hoped to leave it clear of debt; then for new Spain, glory and fortune, conquest and yellow gold! He had read of the voyages of the great Columbus, the Cabots and a host of others, and the future was as rosy as a Cornish girl's cheek. Fortune held up her lips to him, but there's often a sting in a kiss.

CHAPTER III. THE PRINCESS MARY.

NOW, at that time, Mary, the king's sister, was just ripening into her greatest womanly perfection. Her skin was like velvet, a rich, clear, rosy snow, with the hot young blood glowing through it like the faint red tinge we sometimes see on the inner side of a white rose leaf. Her hair was a very light brown, almost golden, and fluffy, soft and fine as a skein of Arras silk. She was of medium height, with a figure that Venus might have envied. Her feet and hands were small and apparently made for the sole purpose of driving mankind distracted. In fact, that seemed to be the paramount object in her creation, for she had the world of men at her feet. Her greatest beauty was her glowing dark brown eyes, which shone with an ever-changing luster from beneath the shade of the longest, blackest upcurving lashes ever seen.

"Lightness of a 'Dorothy Dodd'" On the Scales

A great many interesting facts may be discovered with a pair of scales, but it is doubtful if any single fact will be more interesting and valuable to the average woman than the weight of her shoes.

For this tells her the number of ounces that must be lifted thousands of times each day, and a little calculation will show that she lifts tons of shoe leather a day—no small labor in itself.

The "Dorothy Dodd" shoe saves the lifting of more than one and one-half tons every day. A pair of "Dorothy Dodd" shoes are several ounces lighter than ordinary shoes. The feet are just so much more comfortable, and you are so much less tired. Put a pair to the test!

A NEW MONTH

The Post-Office Goes into the
First Class.

Police Made 165 Arrests During the
Month.

The fiscal year for the postoffices of the country ended yesterday, and the receipts of the Paducah office were between \$41,000 and \$42,000, which places the Paducah office in the first class and gives it all the advantages of that class. It was known at the beginning of the quarter that the office would pass into the second class, hence it will be no surprise to the public.

Sixty patients were admitted to the railroad hospital last month, the most being from accidents on the road. There has been a great deal of minor illness in railroad service, but the number of patients admitted for illness is small.

The police report for the past month shows a total of 165 arrests, with 188 3-4 miles traveled by the patrol wagon. The complete report is not yet made out.

Stamp Deputy Louis Behont's report for the month of March shows collections amounting to \$5,908.77 and stamps sold for 891 barrels of whiskey.

COUNTY COURT.

R. H. Wootan deeds to Nellie Wootan, for \$270, property on the Lovelaceville road.

A. O. Anderson of the city, aged 50, a blacksmith by trade, and Olivia Springs of the city, aged 56, were today licensed to wed. It will make the first marriage of the groom and the second of the bride.

BIG DECREASE

THE DEATH RATE IS RAPIDLY
FALLING OFF.

The mortality rate is on a rapid decrease here and it is thought from the start that this year will register as few deaths as have ever been registered, if not fewer.

During the month of March only twenty-one deaths occurred, and since the first of the year only 110 deaths have been recorded. The statistics show that during 1900 600 deaths occurred; 1901 showed only 518 and 1902 only 518. The decrease has been 20 per cent and the health of the city is rapidly becoming better. Better sanitation is one of the principal causes.

DEATH AT FLORENCE

MRS. ELLEN THOMPSON DIES
AT AGE OF 81.

Mrs. Ellen Thompson, aged 81, one of the oldest and best known women of Florence Station, this county, died last night from old age. She had lived in the county for many years, and leaves no children, but a large number of grandchildren and great grandchildren.

BEGIN TODAY—If you have never read one of our continued stories start the one beginning today, "When Knighthood Was in Flower." It is a story of "days of old, when knights were bold," and chivalrons, and brave—when men fought and died for fair women. It is full of action of the right sort, sparkling with wit and has plenty of sentiment. Be sure to get the first installment today. You will enjoy it.

Veils and Eyesight.

Dr. Nagel, an eminent German oculist, has again been investigating the effects of wearing veils, and has examined the cases of eighty-eight women whose eyesight has been injured by this practice. He finds that the size of the mesh, the distance of the veil from the eyes, and the color of the veil are the determining differences, and that 75 per cent of the women who habitually wear veils, by neglecting to take account of these matters, impair their sight, this result being brought about by the average defective veil in a period of four years.

NEWS OF THE RIVERS.

Observations taken at 7 a. m. River 32.3 on the gauge, a fall of 0.1 in last 24 hours. Wind southwest, a light breeze. Weather clear and warmer. Temperature 52.

The Joe Fowler is today's Evansville packet.

The Memphis is due Friday to Tennessee river.

The Dick Fowler left on time this morning for Cairo.

The Sunshine is due Friday from Cincinnati to Memphis.

The Wilford is here from Cumberland with a broken cylinder.

The Avalon went into Tennessee river this morning with a good trip.

The Thomas Parker arrived from Cumberland river this morning with ties.

The Butterff arrived today from Clarksville and left shortly after for Nashville.

The Savannah passed up into the Tennessee river this morning from St. Louis with an excursion party.

The big steel barge built by the American Bridge company at Pittsburgh a couple of months ago, which has been lying in the harbor, will be loaded with 2,500 tons of steel rails and towed to St. Louis next week by the J. Y. Lockwood.

The Joe Williams still carries two horns for taking into New Orleans the biggest tow of coal. She has landed there several times 40 coalboats, and one trip she had 53 pieces, but it is only proper to state in this connection that she double tripped a good part of the way, and was a good deal longer in making the trip in consequence.

Statistics of recent years have shown that there is a steady increase in river traffic. Beginning with the construction of railroads, the river traffic declined steadily until 10 years ago. Since then there has been a gradual enlargement of the trade; not at the expense of the railroad traffic, but because of business that is better handled by water. The fact of this increase is not generally known. Supervising Inspector Dorsey, of Louisville, believes that there will be a steady increase in the volume of river traffic. In 1901 1,138,000 passengers were carried in his district, and last year there was an increase of 12,000 in the total. Memphis, Louisville, Evansville and Nashville, the four central points of Captain Dorsey's district, rank in the order named in the volume of business.

WANTS A JOB.

AMUSING EPISTLE FROM
WOULD-BE POLICEMAN.

The chief of police receives many communications from persons desiring to become policemen and among them are found many curious specimens of letter writing. The following is a letter received this morning, and speaks for itself.

Milburn, Ky., March 30, 1903.
Chief Police of Paducah I would like to please with You as police If you are indeed of a man I can give you all of the recommendation you want I am 6 feet and 4 inch and way 130 a place with you would be appreciated hoping to hear from you at once I remain yours Truly.

The town in which the applicant lives is probably Milburn, as this is the place at which the letter was postmarked. Several words the writer was not closely acquainted with and he simply carried the spelling out in a nervous line. Marshal Crow would like to have the applicant but states that he is "full up" and can take on no more men at present.

THE STATU QUO.

NOTHING DOING IN BASEBALL
CIRCLES.

Manager Sam Jackson stated this morning that everything in baseball circles is at a standstill and will be until Cairo decides to either come in or stay out. The matter of Cairo's entering the league has been a topic of discussion for several weeks, and if something is not done soon another city will be secured in her place and the schedule of games arranged. The schedule meeting set for today at Hopkinsville has been postponed.

MARRIED AT METROPOLIS.

Metropolis, April 1—Nathan Shick, Jr., and Mrs. Lizzie Hemphill, and Bert Goben and Willie Adams, of Metropolis, were married last evening by Justice Thomas Liggett.
